

ENVISION RIDGEFIELD 2045

What is Envision Ridgefield 2045?

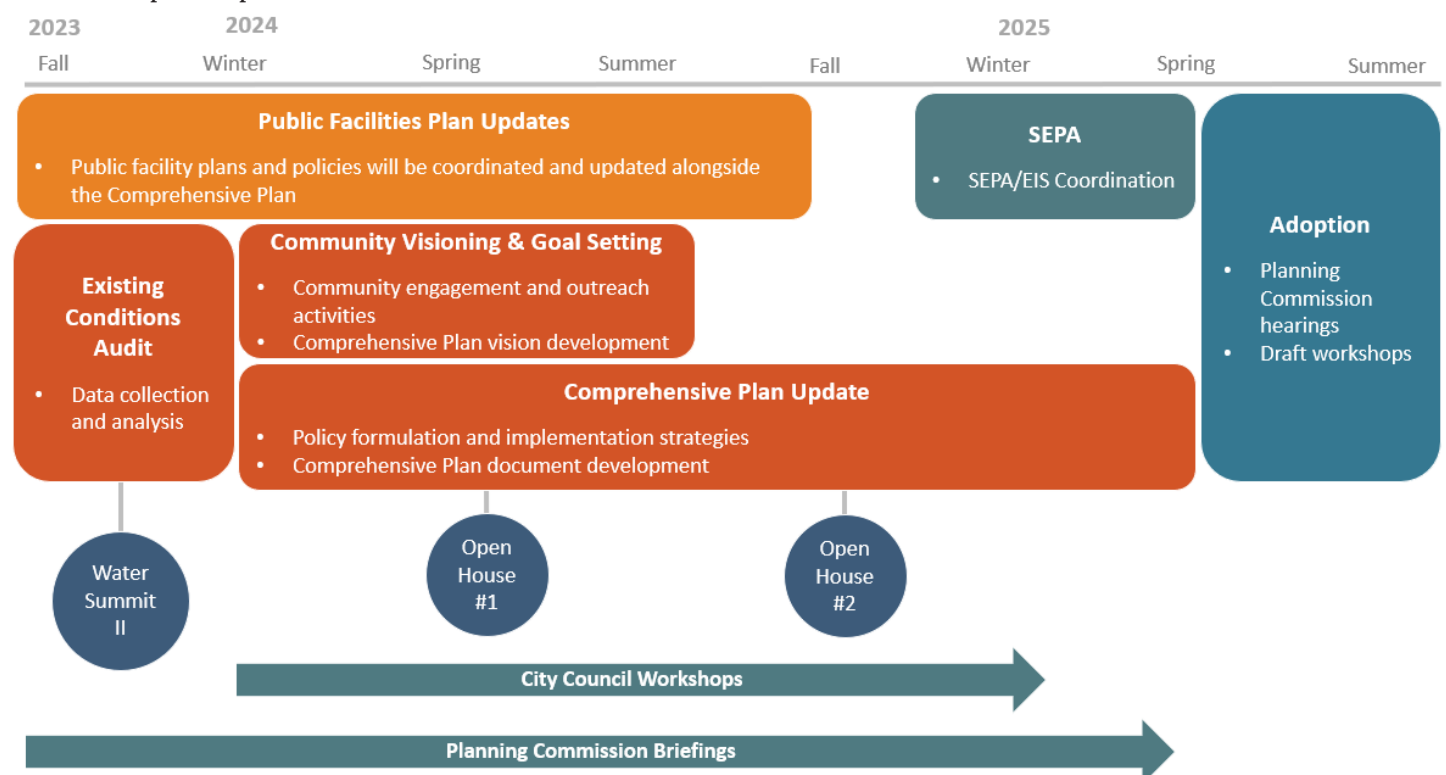

Envision Ridgefield 2045 is a multi-year project to update the city's Comprehensive Plan. The Comprehensive Plan guides the future growth and development in Ridgefield through goals and policies for land use, housing, transportation, and more. A 20-year Community Vision provides a framework for the Plan's goals and policies.

Why are we updating the Comprehensive Plan now?

A periodic review and update of the Ridgefield Comprehensive Plan is required by the Washington State Growth Management Act (GMA). The GMA establishes state goals, sets deadlines, offers direction on how to prepare local comprehensive plans, and sets forth requirements for early and continuous public participation. Ridgefield must coordinate with Clark County to ensure the Comprehensive Plan addresses all 14 goals of the GMA.

How can I get involved?

There will be many opportunities to get involved! We are currently having conversations with community members about the future of Ridgefield. These conversations, along with your survey responses, will help us to create the Community Vision. Visit our website by scanning the QR code or by going to ridgefieldroundtable.org/comp-plan. On the website you can take the vision survey, download a Community Conversation Kit to lead a discussion with your family or neighbors, and view opportunities for future participation.
