

APPROVED CONCEPT

Pioneer Street and 35th Ave

- Canoe and children intended to reflect Indigenous history and culture of Ridgefield.
- Soft, warm daylight type lighting to accent the features at night. Accent the art and landscape, not serve as a street light.
- Native plants of different heights and shapes would be low maintenance and minimal water needs.
- The walls on the roundabout are shaped to reflect moving water and be structurally strong to serve as a protective function.
- Design all structures easy to keep clean and maintained.
